

Sponsorship Opportunities

How you are perceived in association with an Event can be critical to your overall success in relation to it. Exhibitions are a 3-dimensional environment, in which a multitude of objectives can simultaneously be addressed in a way that no other marketing medium or timeframe can offer.

As these objectives are not always tangible or limited exclusively to the generation of new sales, we have put together a **creative programme of online, in print & onsite sponsorship opportunities** that will provide a unique platform through this **multi-medium market reach**.

Sales leads and brand awareness are the 2 key criteria that most exhibitors stipulate as being core to their objectives. While the stand is the focus of these objectives, how you support and drive traffic to them is dependent on effective, targeted, and carefully chosen peripheral marketing/ sponsorship activity.

Sponsorship is particularly effective if you:

- **Have a smaller space but a BIG message to relay.**
- **Have many products / solutions to show but particularly want to focus on one.**
- **Have many competitors but have the best solution to offer!**

In choosing a sponsorship such activity you can also effectively combine and incorporate additional messages that you need to highlight and play a part in your overall objectives i.e.:

- **Change of corporate logo**
- **Acquisition**
- **Market research**
- **Product Launch**
- **Industry networking**

The exclusive nature, profile and cost of opportunities vary. Take a look over the enclosed and contact Louise Robertson to discuss a package that best meets your needs, lrobertson@showsponsorship.co.uk

It is worth reminding you that there are precious few environments where your customers come to you, make the most of it!

Platinum, Gold, Silver - Headline Sponsor Packages

For major players in the Counter Terrorism industry, maintaining this core position is fundamental to ongoing success and recognition of the brand and its associated services and products.

As the leading event in the industry, Counter Terror Expo proposes to work in a partnership basis with a limited number of industry leaders, harnessing the combined leadership qualities to maximise, endorse and continue to strengthen their respective market positions.

To achieve this we have created 3 tiers of headline sponsorship packages to seamlessly align and associate participating companies, with Counter Terror Expo 2012: Platinum, Silver & Gold. To discuss these bespoke packages and their costs in detail, contact: Louise Robertson, lrobertson@showsponsorship.co.uk
